To improve health through leadership, service and education

# **SUBJECT**

Request approval to extend the term of the current Agreements for the continued provision of diagnostic, therapeutic and nuclear medical services for the High Desert Health System.

#### IT IS RECOMMENDED THAT YOUR BOARD:

- Authorize the Interim Director of Health Services, or his designee, to execute Amendment No. 5 to Agreement No. H-210777 with Lancaster Cardiology Medical Group (Lancaster), Amendment No. 6 to Agreement No. H-210778 with Valley Tumor Radiation Medical Group (Valley Tumor), and Amendment No. 6 to Agreement No. H-210779 with RadNet Management, Inc., (RadNet), to extend the term of each Agreement for six months at their current rates, effective July 1, 2009 through December 31, 2009, for the continued provision of diagnostic, therapeutic and nuclear medicine services for the High Desert Health System (HDHS) and increase the contract maximum obligations by \$105,000 for Lancaster, \$68,500 for Valley Tumor and \$180,000 for RadNet, which increases each total contract maximum obligation to \$577,500 for Lancaster, \$601,750 for Valley Tumor, and \$787,500 for RadNet.
- Delegate authority to the Interim Director of Health Services, or his designee, to extend the contract terms of the Agreements, month-to-month, for a maximum of six months, effective January 1, 2010 through June 30, 2010, for an additional contract cost of \$105,000 for Lancaster, \$68,500 for Valley Tumor, and \$180,000 for RadNet, increasing the contract maximum obligations to

\$682,500 for Lancaster, \$670,250 for Valley Tumor, and \$967,500 for RadNet, subject to review and approval by the Chief Executive Office and County Counsel.

## PURPOSE/JUSTIFICATION OF THE RECOMMENDED ACTION

Approval of the recommended actions will authorize the Interim Director of Health Services, or his designee, to execute three Amendments, substantially similar to Exhibits I, II and III, to extend the terms of each Agreement for six months to provide uninterrupted diagnostic and therapeutic services for the patients served by HDHS; delegate authority for additional month-to-month extensions not to exceed six months, and authorize an increase to the contract maximum obligation due to the extensions. The current Agreements expire June 30, 2009.

The extension of the contract terms is necessary to allow the Department the additional time necessary to complete and release a Request for Information (RFI) to assess the level of interest in the private sector with qualified Contractors for the provision of these services. A RFI is currently being drafted to solicit the level of interest and to identify the number of qualified Contractors that may exist for the provision of these services in the HDHS area.

During the extension period, the Department will research and explore alternative methods for providing these services enterprise wide and develop a solicitation plan which addresses the service needs for the HDHS geographical area. The Department intends to return to your Board with recommendations for new Agreements no later than May 2010.

### Implementation of Strategic Plan Goals

The recommended actions support Goal 1, Operational Effectiveness, and Goal 4, Health and Mental Health of the County's Strategic Plan.

#### FISCAL IMPACT/FINANCING

Under the Agreements, the Contractors are compensated on a fee per procedure basis. The maximum obligation for each Agreement, effective July 1, 2009 through December 31, 2009 is \$577,500 for Lancaster, an increase of \$105,000; \$601,750 for Valley Tumor, an increase of \$68,500; and \$787,500 for RadNet, an increase of \$180,000. These increases result in a total maximum obligation of \$1,966,750 for the period of July 1, 2009 through December 31, 2009. The contract costs for RadNet were increased by approximately 33.3 percent based on a projected increase in work volume, and decreased by approximately 42.2 percent for Valley Tumor based on a projected decrease in work volume.

The Honorable Board of Supervisors June 9, 2009 Page 3

The maximum obligation including the month-to-month extensions, effective January 1, 2010 through June 30, 2010, is \$682,500 for Lancaster, an increase of \$105,000 \$670,250 for Valley Tumor, an increase of \$68,500; and \$967,500 for RadNet, an increase of \$180,000. The additional month-to-month extensions bring the final total maximum obligation to \$2,320,250. Funding is included in the Fiscal Year (FY) 2009-10 Proposed Budget.

# FACTS AND PROVISIONS/LEGAL REQUIREMENTS

Since 1986, HDHS has contracted for diagnostic and therapeutic services through agreements with service providers in the Antelope Valley area.

Your Board approved Agreements with the companies of Valley Tumor, Lancaster, and Antelope Valley MRI (Antelope Valley) on the dates of April 22, 1986, June 30, 1987, and March 11, 1997, respectively.

On March 30, 1999, your Board approved new sole source Agreements with Valley Tumor, Lancaster, and Antelope Valley to extend the provision of these services effective April 1, 1999 through March 31, 2001.

On March 20, 2001, your Board approved Amendment No. 1 with Antelope Valley, Lancaster, and Valley Tumor, extending the term of the Agreements for three years through March 31, 2004.

After the High Desert Hospital was changed from a hospital to a multi-service ambulatory care center in May 2003, the need for outpatient visits for diagnostic and therapeutic services increased. To address this need, on March 16, 2004, your Board approved Amendment No. 2 for Valley Tumor, Antelope Valley and Lancaster to expand their services to include additional diagnostic and therapeutic services that covered routine and emergency services, including mammography, ultrasound and nuclear medicine studies. These amendments extended the Agreement terms for three years through March 31, 2007 and also expanded the scope of services to provide back up and overflow services when the equipment at HDHS was inoperable.

On October 11, 2005, your Board approved Amendment No. 3 with Antelope Valley MRI, to formally process a business name change from Antelope Valley MRI to RadNet Management, Inc., which was doing business as Antelope Valley MRI. Subsequently, all references in Agreement No. H-210779 to "Antelope Valley MRI" were changed to RadNet Management, Inc.

On October 18, 2005, your Board approved Amendment No. 3 with Valley Tumor to expand the diagnostic and therapeutic services to include cancer patients referred by Olive View and also add additional procedures.

The Honorable Board of Supervisors June 9, 2009 Page 4

On March 20, 2007, your Board approved Amendment No. 3 with Lancaster, Amendment No. 4 with Valley Tumor and Amendment No. 4 with RadNet to extend each contract term through March 31, 2009, including the approval of delegated authority to the Department to execute an additional month-to-month extension through June 30, 2009. The Amendments also outsourced the HDHS nuclear medicine service to RadNet, expanded the provision of contract services to include cardiology diagnostic procedures, radiation therapy, and other treatment studies.

The Department has determined that these services cannot be performed adequately by County staff and it is difficult to recruit and retain qualified personnel to perform these services in the HDHS area for the period of time it is needed. Therefore, these agreements are not subject to Proposition A guidelines.

Under the termination provision of these Agreements, each Agreement may be terminated immediately for breach or for convenience with a 30-day advance written notice by either party.

County Counsel has approved Exhibits I, II, and III as to use and form. HDHS administration will continue to monitor these contractors performance to assure compliance with the terms and conditions of the agreements.

# **CONTRACTING PROCESS:**

Not applicable.

# IMPACT ON CURRENT SERVICES (OR PROJECT):

Board approval of the recommended amendments to the Agreements will ensure that all the necessary diagnostic and therapeutic services are provided with the continuity of care to HDHS patients.

Respectfully submitted,

John F. Schunhoff, Ph.D.

Interim Director
